## What's are we celebrating this month?:

### World Blood Donor Day – A Shout-Out to Our Hero, Sara! 14 June 2025

Today is World Blood Donor Day, a global event that recognises the life-saving act of giving blood — and here at Nurses UK, we're proud to highlight one of our very own heroes.

Meet Sara, our lovely Recruitment Manager, who not only works tirelessly to find the best talent in healthcare but also regularly donates blood to help save lives across the UK. Her dedication to supporting the NHS goes beyond her desk — she's rolled up her sleeve countless times to make a real difference.

Giving blood is a simple act that can help patients undergoing surgery, cancer treatments, trauma recovery, and more. Sara reminds us that behind every donation is a human story — and people like her are the reason those stories have hopeful endings.

"I've been donating blood for the past 15 years. It's such a small part of my day, but each time I go, I'm reminded how something so simple can mean the world to someone else." says Sara. "If you're eligible, I really encourage you to try it. Ready to make a difference? Sign up or book your next appointment here: [NHS Give Blood](#) "

From all of us — thank you, Sara, for being such a fantastic example of compassion in action.
